

Betsy Christiansen's Update

January 28, 2008

Prayer Need

Dear Prayer Partners,

I'm so dependent upon your prayers for the grace and the power of the Holy Spirit working in and through me in our mobile-clinic teams and for my personal health and spiritual growth, so I come to you again asking for your intercession...

I returned home this past Saturday nite from Mexico (where the Lord opened many doors and hearts to the gospel) having been sick since Wednesday morning with bronchitis and sinusitis. I saw my ENT today and began my intra-sinus antibiotic and antifungal nasal sprays. (I'd started an oral antibiotic on Friday in Mexico when my fever persisted and my chest got bad.)

You may recall my previous history of fungal-leading-to-bacterial sinus infections. I've been well since last February on the prophylactic protocol of Dr. Dennis, praise God, but this one has hit me hard. I'm still on the couch with a low-grade fever, tight cough and flu-like lethargy.

I am scheduled to leave this Thursday for Greenville to serve with *Mitchell Road PCA*, one of my prospective supporting churches, at their Missions Conference. Lord willing, I will be able to participate.

Thank you for standing in the gap for me...again...as usual! I love and appreciate you all!

Gratefully in His grip,
Betsy
