

Betsy Christiansen's Update  
July 20, 2008  
Lab Duffel Praise

Dear prayer partners,

My lab duffel arrived intact this past week while I was at our *Mission to the World* Summer Conference – a wonderfully refreshing and encouraging time for us long-term missionaries who were able to attend.

My neighbor called to say the box arrived! It's at her home until I arrive back in Atlanta tonite. I am visiting with 2 churches this weekend...one yesterday in NC and one today.

Thanks so much for praying for its return, for my peace and for my trust in the Father's sovereignty and faithful provision ...also to those of you who offered to lend me your set-ups or donate your financial resources to help me replace the equipment and tests.

Be blessed richly in return by the *daily* 'manna' of the Holy Spirit for your needs, too...emotional, spiritual *and* practical.

*Praising God and Gratefully in His grip,*

*Betsy*
