Ways to View the Video

- We can send you a DVD
- You can download it from our website.
- You can view it online without downloading it.

Alternative Formats

- Small, Medium and Medium+ to accommodate different internet connection speeds. If a larger version keeps stopping on you when you view it online, try a smaller version.
- There are versions for QuickTime and for Windows Media Player

A Video Update for You

We have just created a 12 minute video update to reconnect you with each member of our family--in his or her own words-- and to give you a summary of our current ministry. You can access this video through the internet by going to the following website: <http://movie.waldecker.net>

How to View the Video

At this website you will find various versions of the video, designed to accommodate different media players and speeds of internet connection. Here is a preview of what you will see:

[Medium Windows Media Version](#)

[Small Windows Media Version](#)

[Small mp4 Version](#)

Click on the "Click to Play" button that you see on top of the family picture. Actually, there will be two family pictures--one small and one medium sized. If these don't work for you, try clicking on one of the blue links found below the pictures.

We will also send you a DVD of the video if you request one. If you don't want to watch the video online, you should be able to download it by right clicking on the link. If you have any trouble accessing the video, please let me know.

Keeping in Touch

I want to remind you of the website that is dedicated to giving you information about our ministry:

<http://partners.waldecker.net>.

This site has family pictures, previous prayer letters, thoughts on missions, and other information. It also includes a link to our page on the regional website, which is <http://www.mtwla.org>.

Thanks again for your prayers. We very much appreciate your partnership with us in the gospel.
